

PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

Rail Safety and Carriers Division

RESOLUTION TL-18940

August 3, 2000

RESOLUTION**RESOLUTION GRANTING VOLUNTARY SUSPENSION OF THE
PASSENGER STAGE CORPORATION CERTIFICATE HELD BY CHUNG
MING CHIU, DBA METRO AIRPORT SHUTTLE (PSC-10138)**

Chung Ming Chiu (Applicant), dba Metro Airport Shuttle, holds a certificate of public convenience and necessity to operate as a passenger stage corporation (PSC-10138). By Resolution TL-18896, dated July 8, 1999, the Commission granted Applicant's request to place the certificate into voluntary suspension for one year. Prior to the expiration of the one-year period of suspension, Applicant requested that the suspension be extended for an additional year.

Applicant requests continuation of the voluntary suspension because he has been unable to obtain permission to serve San Francisco International Airport (SFO) due to the airport's moratorium on new shuttle services. Applicant is hopeful that when expansion of the airport is completed, additional demand for shuttle services might enable him to secure an operating permit from SFO.

Rail Safety and Carriers Division staff (RSCD) is informed by SFO officials that airport expansion will not likely affect the shuttle van moratorium. RSCD also points out that Applicant's certificate authorizes him to serve San Jose International Airport in addition to SFO.

We will grant Applicant's request. However, Applicant is advised that he should not anticipate being granted any additional extensions. During the suspension he should carefully consider his options, including commencing operations only to San Jose International Airport.

This is an uncontested matter in which the resolution grants the relief requested. Accordingly, pursuant to Public Utilities Section 311(g)(2), the otherwise applicable 30-day period for public review and comment is being waived.

THEREFORE, IT IS ORDERED that:

1. The passenger stage corporation certificate (PSC-10138) held Chung Ming Chiu (Applicant), dba Metro Airport Shuttle, is suspended on the effective date of this resolution.
2. Before resuming operations, Applicant shall make written request for reinstatement of his certificate to the Rail Safety and Carriers Division and comply with General Orders 101-E, 104, and 158-A.
3. During the period of suspension Applicant shall file reports of gross operating revenue and pay the required fees pursuant to Public Utilities Code Section 423.
4. Upon Applicant's compliance with Ordering Paragraph 2, the Rail Safety and Carriers Division is authorized to reinstate the suspended certificate.
5. The authority to suspend operations granted herein shall expire one year from the effective date of this resolution or upon earlier resumption of service, which may be accomplished through compliance with Ordering Paragraph 2.

The Executive Director shall mail a copy of this resolution to:

Chung Ming Chiu
